LEBANON VA MEDICAL CENTER RIBBON CUTTING NEW STATE OF THE ART REHABILITATION CENTER

On Friday, July 2, 2010, at 9 a.m., Lebanon VA Medical Center will hold a Ribbon Cutting Ceremony for its new Rehabilitation Center. This \$4.25 million consolidation will provide centralization of services and will be of tremendous benefit to our patients and our staff. In addition to Physical Therapy, Occupational Therapy and Pulmonary Rehabilitation will be housed in the new addition as well as Prosthetics, to better serve the needs of the Veterans without requiring them to traverse the hospital campus.

Several local dignitaries who were instrumental in the planning, construction, and support of the project will be present. Immediately following the ceremony, guests may tour the center. Light refreshments will be served.
