Transition and Care Management (TCM) Program

VA Health Care for
Post-9/11 Veterans

VA

U.S. Department of Veterans Affairs
Veterans Health Administration
VA Healthcare – VISN 4

646-005A-073

WE'RE HERE FOR YOU

VA Healthcare–VISN 4 offers post-9/11 Veterans exceptional, personalized care and help in transitioning and adjusting to civilian life.

TCM PROGRAM

Our TCM program has specialized primary care services, behavioral health treatment, comprehensive screenings, social work care management and other services.

Case managers provide individualized care and confidential, professional guidance to assist returning Servicemembers with navigating VA health care and resources.

VISN 4's transitional patient advocates ensure post-9/11 Veterans understand their benefits and rights and get the health care they need.

COST OF SERVICES

Treatment of conditions that are not related to your military service will be subject to copayments according to your financial eligibility.

Maximum copays are \$50 for an emergency room or specialty care visit, \$15 for primary care visits and \$5, \$8 or \$11 for 30-day prescriptions.

ACTIVE DUTY AND TRICARE

We work with the Department of Defense and TRICARE to treat active duty military personnel who are on medical hold or convalescent leave.

VISN 4 VET CENTERS

Beyond VISN 4's medical centers and outpatient clinics, Veterans can also receive care at one of the network's VA Vet Centers.

These centers offer adjustment and outreach services to any Veteran who served in a combat zone. The centers also aid family members struggling with military-related issues.

To learn more or locate a VA Vet Center near you, go to www.vetcenter.va.gov.
